NOTES TO FINANCIAL STATEMENTS

March 31, 2008

NOTE 1- ORGANIZATION, NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Operations

The Company was incorporated in the state of New York on April 3, 1989 and commenced operations in the general business of a broker or dealer of securities as a member of the National Association of Securities Dealers, Inc.

The Company conducts a general securities business by introducing transactions on a fully-disclosed basis to a clearing member broker/dealer which carries all accounts and prepares and maintains all books and records pertaining thereto pursuant to SEC Rules 17a-3 and 17a-4, as are customarily made and kept by a clearing broker/dealer.

Cash and Cash Equivalents

All short-term investments with an original maturity of three months or less are considered to be cash equivalents.

Concentration of Credit risk

Financial instruments which potentially subject the Company to concentration of credit risk consist of cash deposits and receivables from the clearing broker.

Cash balances are held principally at one financial institution and may, at times, exceed insurable amounts. The Company believes it mitigates its risk by investing in or through major financial institutions. Recoverability is dependent upon the performance of the institution.

Depreciation and Amortization

The cost of furniture and equipment is depreciated over the estimated useful lives of the related assets. The cost of leasehold improvements is amortized over the lesser of the length of the related lease or the estimated useful life of the assets. Depreciation is computed on a straight line basis for both financial reporting purposes and income tax purposes. Leasehold improvements for income tax purposes are amortized in accordance with Internal Revenue Service regulations.

Fair Value of Financial Instruments

The carrying value of financial instruments including cash, receivables and payables, approximates their fair value at March 31, 2008 due to the relatively short-term nature of these instruments.

KERN SUSLOW SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

March 31, 2008

NOTE 1- ORGANIZATION, NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Securities transactions and related income and expenses are recorded on a trade date basis. Commission revenues are also recorded on a trade date basis.

Marketable securities owned by the Company are stated at quoted market values with unrealized gains and losses reflected in income.

Comprehensive Income

The Company has adopted Statement of Financial Accounting Standards No. 130, "Reporting Comprehensive Income" (SFAS No. 130). SFAS No. 130 requires an entity to report comprehensive income and its components and increases financial reporting disclosures. This standard has no impact on the Company's financial position, cash flows or results of operations since the Company's comprehensive income is the same as its reported net income for fiscal year ending March 31, 2008.

Recent Accounting Pronouncements

The adoption of recent accounting pronouncements did not have a material effect on the Company's results of operations or financial position.

NOTE 2- CASH AND CASH EQUIVALENTS

Cash at March 31, 2008 included the following:

Cash	\$ 129,462
JPMorgan Chase Mutual Fund	<u>424,056</u>
	<u>\$ 553,518</u>

KERN SUSLOW SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

March 31, 2008

NOTE 3- SECURITIES OWNED

Marketable securities owned consist of trading and investment securities at quoted market values, as illustrated below.

	<u>Owned</u>
Common stocks	\$ 22,873
Capital assets fund	138,489
	<u>\$ 161,362</u>

NOTE 4- INCOME TAXES

Provisions for federal, state and local income taxes are calculated on reported financial statement pretax income based on current tax law. The income tax provision for the year ended March 31, 2008 consists of the following:

	Current	Deferred	Total
Federal	\$ -	\$ -	\$ -
State and local	18,000	-	18,000
	<u>\$ 18,000</u>	<u>\$ -</u>	<u>18,000</u>

The Company's effective income tax rate is higher than what would be expected if the federal statutory rate were applied to income from operations primarily because of expenses deductible for financial reporting purposes that are not deductible for tax purposes.

NOTE 5- NET CAPITAL REQUIREMENTS

The Company is a member of the National Association of Securities Dealers, Inc. ("NASD") and is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1. This Rule requires that the ratio of aggregate indebtedness to net capital may not exceed 15 to 1, and equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At March 31, 2008, the Company's net capital was \$419,485 which was \$319,485 in excess of its required net capital of \$100,000. The Company's aggregate indebtedness to net capital ratio was 1.23 to 1.

KERN SUSLOW SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

March 31, 2008

Therefore, all of the customers' money balances and long and short security positions are carried on the books of the clearing broker. Under certain conditions as defined in the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by the Company. The Company rebates a portion of its commissions back to its customers. However, the Company is not considered a carrying firm for purposes of SEC Rule 15c3-3 because it has elected the following methods for handling of the customers' rebates:

- (1) The introducing broker deposits money into a separate SEC Rule 15c3-3 bank account similar to those accounts established under an SEC Rule 15c3-3(k)(2)(I) exemption;
- (2) The balance in this separate bank account at all times must equal or exceed the payables to customers; and
- (3) The firm issues checks from this separate bank account to pay the customer or the creditor of the customer.

Board of Directors
Kern Suslow Securities, Inc.
New York, New York

In planning and performing our audit of the financial statements of Kern Suslow Securities, Inc. (the "Company"), as of and for the year ended March 31, 2008 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities; we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits, and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Kern Suslow Securities, Inc.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at March 31, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of directors, management, the SEC, the Financial Industry Regulatory Authority ("FINRA") and other regulatory agencies that rely on rule 17a-5 (g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
